

Attachment to Westside Weekly Information Sheet:
Effective Dates: November 23, 2015 through November 30, 2015
Clackamas River and Zigzag Ranger Districts
Mt. Hood National Forest

ATTACHMENT

Zigzag Ranger District Summer Homes Area Roads:

Firewood at these locations is available as a result of the recent weather event that created significant blown down trees in the area.

Firewood cutting is allowed on the following Summer Homes area roads:

(Contractor operations are ongoing in the area – Use caution and consideration for contractor operations – do not impede their operations. If they are working in an area you'd like to cut firewood in, please move to another area until they are clear.)

20 Road and spurs

30 Road and spurs

28 Road and spurs

Wood cutting is allowed within the Road Prism and up to five (5) feet from the edge of the road. You may cut on all down species except for Cedar. Wood cutting on Cedar in this area is not allowed. Do not cut on any trees or portions of trees that have been flagged, or have a sign posted on them (no wood cutting, or restoration stream log).

Firewood cutting is not authorized along the Still Creek Road and the Salmon River Road as described on the Westside Weekly Information Sheet.

Do not block driveways or access to summer home lots. Do not cut on trees within summer home lots. Do not drive on or cut firewood along summer home driveways.

Trailers are not recommended for this area due to very narrow road ways, and limited turn around opportunities.

Have this Attachment along with your permit and up-to-date Weekly Information with you while gathering firewood here. Follow all rules and regulations outlined in the Weekly Information Sheet and on the back of your Firewood permit.

This attachment is only valid with the November 23rd through November 30th 2015 Weekly Information Sheet.
